IEF Board members serve voluntarily, and their work affiliations are included in IEF materials to demonstrate the variety of environmental perspectives on the board. However, issues, topics, and points of view presented at IEF events should not be interpreted as support or opposition by these entities.

Greetings Potential Sponsor!

Thank you for considering becoming a 2021 sponsor of the Idaho Environmental Forum (IEF) - an informal, nonprofit, nonpartisan, educational association whose sole mission is to promote serious, cordial, and productive discourse on a broad range of environmental policies affecting Idaho. IEF takes no positions, advocates no causes, and endorses no candidates. Our goal is simply to provide a forum for dialog from a range of perspectives.

Since the first forum in 1989, IEF has brought together government, non-profit, academic, and corporate professionals whose work involves matters concerning Idaho's environment for civil discourse on a range of environmental issues affecting Idaho. We do this mainly by hosting Lunch Forums, our Legislative Forum, and the Boise River Conference each year. However, due to the current COVID-19 health concerns and event restrictions, we have had to shift the way we deliver environmental information to our audience. Understanding that many of us are having virtual meeting/event fatigue, we wanted to release information in quick segments by developing our newest project Forum Shorts, which are 5-15 minute video presentations or interviews with experts and/or stakeholders on current topics important to Idaho's environment.

Our generous sponsors allow IEF to provide all of its events at a reasonable price, encouraging participation across professions and income levels. Your organization's sponsorship is specifically recognized via our website, on all lunch forum event announcements, on lunch forum table signs, and now on our Forum Shorts credits.

We hope you consider sponsoring the Idaho Environmental Forum at one of our current support levels:

SUSTAINING PARTER

\$1,000+

FELLOW

\$500 - \$999

SUPPORTER

\$250 - \$499

COLLEAGUE

\$100 - \$249

Sponsoring is easy at www.idahoenvironmentalforum.org by clicking on the Sponsor tab and becoming a new sponsor. You may directly purchase a sponsorship on the website via credit card (a processing fee is included in credit card payments), or if you require an invoice or would like to pay by check to avoid fees, you may reach out to IEF at ief@idahoenvironmentalforum.org.

Thank you for your time and consideration.

Our Best Regards,
IEF Board of Directors
